ANNOUNCEMENT.

We are now in a position to receive applications for space in the special industrial edition of the Banner. Both the form of this publication and the size of the pages have been decided upon. As the amount of advertising is limited it is desired that this should be distinctively representative so that in this manner a fair idea may be obtained of our important financial, commercial and industrial business firms and corporations. Call at this office or communicate with us by mail or telephone and a representative will call on you.

We enjoyed a very pleasant call Wednesday from Capt. R. E. Rose, of Tallahassee, state chemist, who stopped over in Ocala to inspect the Chambliss fine herd of cattle and was sorry he could not remain long enough to witness the sale. Mr. Rose has been making an extensive tour of the state and speaks in flattering terms of its outlook. Among other subjects he discussed at some length the planting of Japanese sugar cane and thinks it will be one of the state's important crops. He says he has recently made several analyses of soft phosphate of this section and was surprised to find its almost entire freedom from iron and aluminum.

The Florida newspaper folks are the salt of the earth. It is simply truth to say that a more generous and chivalrous lot cannot be found on the globe. Nearly all through August they gave Punta Gorda thousands of dollars worth of advertising and did not charge a cent for it. The result was that Punta Gorda became prodigiously famous and on August 25th was the biggest place in all Florida. Wherefore we say, God bless the newspaper folks.—Punta Gorda Herald.

Hon. John G. Reardon says the Chambliss sale, besides being the starting of an important industry for our county, was the inspiration yesterday of a new feature for one of our "original" celebrations at some future day. Halter a Hereford and offer a prize for the man who can lead him through the streets without help. Such a contest was witnessed on Main street yesterday, and the Hereford won out.

Mr. Herbert Crook after spending a few days in Ocala returned to Palatka Wednesday. Mr. Crook came down for the purpose of having his turn-tuse packed and shipped to his new home. Miss Florrie Crook will remain in Ocala with her sister, Mrs. A. E. Gerig until the first of October, when she will join Mr. and Mrs. Crook at Palatka.

There is food for thought in the suggestion of the St. Augustine Record in this state where the value of a single year's products should amount to over \$73,000,000, while at the same time the assessor's books only hold the valuation of the entire state at \$67,000,000.—Tropical Sun.

Killed Deer Out of Season. Deputy Sheriff Hutson and Holliday on Wednesday arrested B. M. Waldron, near Salt Springs, on a warrant charging him with killing deer out of the season. He was tried before Judge Robert Bullock yesterday and pleaded guilty. He was fined \$10 and costs or sixty days on the hard roads.

Two cases for the same offense will be heard by Judge Bullock today, and Deputy Hutson, who is also county game warden, says there will be more in a day or two.

Feet Swollen to Immense Size. "I had kidney trouble so bad that I could not work," says J. J. Cox, of Valley View, Ky., "my feet were swollen to immense size and I was confined to my bed and physicians were unable to give me any relief. My doctor finally prescribed Foley's Kidney Cure which made a well man of me." Postoffice Drug Store.

WEDNESDAY'S BIG SALES.

Nearly \$10,000 Cash Expended for Improved Stock.

The great cattle sale of Wednesday was a success in every sense of the word.

The number of visitors and bidders was larger than expected and while the prices were not considered high for the quality of the stock still at the same time they were entirely satisfactory.

In the first place the sale under the management of Mr. Z. C. Chambliss had been well and thoroughly advertised throughout the state, the day was an ideal one and the time evidently most propitious.

It is evident that a new era in stock raising has begun in Florida and the impetus given the raising of improved breeds of stock by this sale can hardly be overestimated.

Ocala, with all her unique history, has never before witnessed just such a sight. The large Dunn park had been divided and sub-divided by temporary fencing while under the shade of a big oak in one corner was the selling ring or pit surrounded on three sides by the tiers of seats for buyers and spectators.

Notwithstanding the sale commenced at one o'clock and lasted until nearly sun down there was not a minute that the crowd seemed smaller than at the start and not for an instant did the interest abate or the spirited activity of the bidding cease. There was a spirit of earnestness and enthusiasm manifested that was good to see and there certainly was the "odor of money in the land."

Think of it for a moment, including the morning sale of horses, there was very nearly \$10,000 in cold hard cash paid out for stock in Ocala Wednesday. Another noticeable feature was the presence at the sale of a number of ladies who watched with keen and appreciative interest the progress of the sale.

Col. R. E. Edmonson, one of the leading stock auctioneers of the country, conducted the sale and began with the registered bulls. Mr. H. L. Anderson, destined to become one of the big stock men of the country, and already owner of two fine ranches, bought the first bull at \$95, the third one at \$240 and during the entire sale bought by far the largest number sold any one person, twenty nine in all.

Below will be found as nearly a correct list of the purchasers as could be obtained at a late hour last night, together with the number of animals bought. This list is subject to revision as only 101 are here accounted for while 110 were sold:

J. A. Stevens, Citra, one.
H. G. Byrter, Holder, nineteen.
J. M. Brownlee, Starke, one.
Wm. P. Marshall, Punta Gorda, one.
Mason Tison, Santa Fe, three.
C. L. Reeves, Sarasota, three.
J. R. Shuler, Bristol, five.
J. Saunders, Maitland, three.
J. H. Knoblock, Martin, one.
P. W. Green, Belleview, one.
C. Carmichael, Ocala, two.
B. L. Johnson, Rockledge, four.
J. C. Mathews, Flemington, one.
W. P. A. Witt, Mason, two.
L. P. Miller, Ocala, one.
C. C. Rawls, Montbrook, one.
H. A. Ford, Ocala, one.
J. L. Miller, Martel, one.
R. G. Wright, Oxford, one.
Clyatt Cattle Co., Gainesville, four.
W. A. McMillen, Largo, three.
D. A. Clark, Yartel, eleven.
Geo. K. Robinson, Ocala, two.
H. L. Anderson, Ocala, twenty nine.

The actual figures of the cattle sale compiled at a late hour last night by Judge D. S. Williams, are as follows:

25 Thoroughbreds, average	137.50	\$3500.00
57 Grades, average	\$5.53	\$3152.00
15 Grade calves, average	\$5.00	\$750.00
Total amount of sales		\$7500.00

The cattle sold were Shorthorns and Herefords, and the property of the Palmetto Park Stock Farm, owned by

Mr. Z. C. Chambliss to whom great credit is due and has been given for his activity in introducing fine stock in Florida. He deserves the success achieved on Wednesday.

Preceding the cattle sale Mr. S. A. Standley sold a car load of horses all of which brought fairly good prices. Mr. Standley has been very largely instrumental in making Ocala the chief stock market of the state. The purchasers at this sale were:

Jim Howells, Anthony, thirteen.
Sam Davis, Juliette, five.
Ed. Carmichael, Ocala, one.
T. C. Hall, Ocala, one.
G. K. Keeney, Anthony, one.
J. D. Pope, Belleview, one.
J. L. Carney, Ocala, one.
A. McLain, Candler, one.
W. Luffman, Sparr, two.
H. W. Browne, Ocala, one.

The Excursion Yesterday.

The excursion to Lake Weir yesterday gotten up by Grace Episcopal and the Presbyterian church, was a big success. Between a hundred and fifty and a hundred and seventy five tickets were sold. The train, consisting of five comfortably filled coaches, left Ocala at nine o'clock and returned at seven.

The day at the lake was most delightfully spent in various ways, mainly bathing and boating, and at noon a picnic dinner was enjoyed.

Dr. Little, of the Episcopal church, with his family and Dr. Lindsay, of the Presbyterian church, with his family, were on hand and did much towards making the day a pleasant one.

The boat race between the Shamrock, owned by Donald Schrieber, and the Reliance, the property of Earl Lindsay, started out to be a most exciting one but unluckily the wind was too strong and both boats were capsized.

Lake Weir is a most delightful place to spend the day and the crowd yesterday all report a most excellent time.

A Pleasant Wagon Ride.

Rides to Silver Springs these beautiful moonlight nights are very popular and there is no more delightful way of spending an evening.

Last night the gentlemen of the younger society set complimented their girl friends with one of these pleasant affairs. The crowd drove out in a large wagon, had lunch at the springs, returning home before midnight.

The party was composed of the following: Miss Sallie Camp, Miss Katie Walker, Miss Annie Mae Standley, Miss Edna Dozier, Miss Gertie Peyser, Miss Florrie Condon, Miss Eloise Miller, Miss Louise Harris, Messrs. John Sullivan, Clifford Ayer, Arthur Clark, Emmett Robinson, Bob Mathews, Albert Miller, Oscar Zewadski, Gustave Robertson, Hampton Chambers and Mrs. Lee Miller.

His End Drawing Near.

Only a few more hours and Jim Polite will be launched into eternity via the gallows. The scaffold has been built and all preparations made for his execution today at ten o'clock. He says he has made his peace with his Maker and all will be well for him after he passes to the great beyond.

Polite is the negro who assassinated Mr. Beasley at Levon one night about two months ago, shooting from the darkness without the least sign of warning.

Doctors Could Not Help Her.

"I had kidney trouble for years," writes Mrs. Raymond Connor, of Shelton, Wash., "and the doctors could not help me. I tried Foley's Kidney Cure, and the very first dose gave me relief and I am now cured. I cannot say too much for Foley's Kidney Cure. Postoffice Drug Store."

Lost or Stolen.

Two hound pups, black and tan, two and half months old; one fat the other rather lean, naked spot on top of head. Return and get reward. W. P. EDWARDS.

A Happy Birthday Party.

Wednesday afternoon Miss Josephine Bullock, the thirteen year old daughter of Mr. and Mrs. R. B. Bullock, entertained about twenty-five of her young friends at a birthday party. Little Miss Josephine makes a charming little hostess and her guests spent the afternoon most happily. She was assisted by her mother, Mrs. E. L. Carney and Miss Georgie Smith.

One of the pleasant games played during the afternoon was throwing a bean bag through a gaily decorated hoop. Suspended from the hoop was a silver bell. The children were required to stand about ten feet away and throw the bag through the hoop without touching the bell. In this contest Miss Katherine Carlisle and Master George Looney won the prizes.

Later in the afternoon the guests were taken into the dining room, which was very prettily decorated in pink and white. The cakes and ices were also in pink and white and needless to say this feature of the party was greatly enjoyed. Each guest was presented with a basket of bon bons as a souvenir.

Miss Josephine was the recipient of quite a number of lovely little birthday presents and in every particular the party was a success and the friends of the little hostess wish for her many more happy birthdays.

A Temporary Disappointment.

The Gainesville Sun says: "The swamp land claim to a portion of property which has been in litigation in the United States land office in this city for nearly a year, and which has required the services of experts to arrive at a decision, has at last been finally adjudicated. The local land office has received from the general land office at Washington, a letter which bears the information that the swamp claim has been canceled. The land, which is a portion of Orange Lake, situated in Marion and Alachua counties, was sought by W. N. Camp to be transferred from the possession of the United States to the state of Florida, in order that it might be purchased and drained for grazing purposes.

Had this scheme worked successfully it would have proved a big thing for that section, as it was understood Mr. Camp and other capitalists intended starting a cattle ranch."

Two hundred acres of first class land; good wire and plank fence; G. & G. railroad depot on the land, also some patches of cow-pen land, one mile from Post office, two horses and sixty head of cattle, plenty of water. Corn and fodder for sale.

A New Automobile.

Mr. E. C. Smith has just purchased a very elegant automobile, which arrived yesterday.

The machine is a beauty and Mr. Smith is justly proud of his latest purchase. Several of his friends were automobiling with him at various times yesterday.
